

Our apartment receives guests since 2007, for everyone who want to spend holiday in Zalakaros.

We get the feedbacks from the guests constantly over the years.

The closer and wider environment of the house makes possible the relaxation and the party too for a little - or a big family, or a groups of friends.

The house lies in one of the calmest area in Zalakaros, this is only 700 m from the spa.

The apartment has rooms for 8-10 (12) people, but we can accomodate groups of 4, and 6 person by the house separating.

The apartment has central heating, so it’s avaible for the guests all year long.
